INDEX

Vol. 40

Page

AHO, K., RIPATTI, N., SARIS, N.-E., and WAGER, O.: Reaction of the Rheumatoid Factor with Human Specific Precipitates II 481

ANTILA, L. E., KLOSSNER, O., and VIIKARI, S. J.: Effect of Various Fluids on the Buffer Capacity of Human Blood 292

ANTILA, L. E., and KLOSSNER, O.: Influence of Some Infusion Fluids on the Blood pH 294

ANTILA, L. E., and TAIPALE, S. L.: Mechanism of Reducing Effect of Urea on Intracranial Pressure 481

ANTILA, L. E., and TAIPALE, S. L.: Effect of Urea on Intracranial Pressure 477

ANTILA, L. E., and HARTIALA, K. J.: Cardiovascular Effects of Acetylcholine 487

BERGSTRÖM, R. M.: Electrical Activity in *Nitellopsis Obtusa* 36

BERGSTRÖM, R. M.: The effect of 5.3 MeVPo^{210} Alpha Particles on the Resting Membrane Potential and Ultrastructure of *Nitella Flexilis* 45

BERGSTRÖM, R. M.: The Strength-duration Relation in Electrical Stimulation of Cells of *Nitellopsis Obtusa* 54

BERGSTRÖM, R. M.: Studies on the Refractory Period in *Nitellopsis Obtusa* 200

BERGSTRÖM, R. M.: The Time Course of the Recovery of Responsiveness in *Nitellopsis Obtusa* during the Refractory Period 207

BLOMQVIST, H. E., and HOLSTI, P.: Regression of Bile-Induced Cirrhosis of the Liver in Rabbits after Discontinuation of Bile Administration 433

CASTRÉN, J., and POHJOLA, S.: Evaluating the Determination of Scleral Rigidity by Means of Electronic Tonometer 257

DAHL, M., KASANEN, A., and PELTONEN, T.: The Effect of Segontin^R, Persantin^R, and Nitroglycerin on the Coronary Artery 423

EEROLA, R.: The Combined Action of Morphine and Atropine 83

EISALO, A., and TALANTI, S.: Effects of Tripranol, Dexametasone and Corticotrophic Hormone on the Adrenal Cortex of the Rat 448

Eränkö, O., and PALKAMA, A.: Effect of Acidity on the Iodate Reaction in the Adrenal Medulla 32

ERÄNKÖ, O., and HÄRKÖNEN, M.: Effect of Muscular Work and Denervation on Histochemically Demonstrable Acid Phosphatase Activity in the Adrenal Medulla of the Rat 129

Page

Eränkö, O., and Hopsu, V.: Effect of Denervation on Reserpine Induced Depletion and Subsequent Restitution of Adrenaline and Noradrenaline in the Adrenal Medulla of the Rat 134

Eränkö, O., Kokko, A., and Söderholm, U.: Starch Electrophoretic Separation of Esterases in the Adrenal Medulla, Adrenal Cortex and the Brain of the Rat and the Hamster 146

Halonen, P.: Nutritional Requirement for Propagation of Reovirus in Human Amnion Cell Cultures 357

Halonen, P., and Pyhtilä, M.: Purification of Reovirus and Measles Virus Hemagglutinin by Fluorocarbon, on Calcium Phosphate and by Differential Gradient Centrifugation 365

Hakkila, J., Siltanen, P. K., Miettinen, O. S., and Kärki, N. T.: Immediate Effects of Triiodothyroacetic Acid on Isolated Perfused Rabbit and Guinea Pig Hearts 76

Hopsu, V. K., and Karinkanta, H.: Activity of Monoamine Oxidase in the Thyroid Gland of the Rat after Thiouracil Feeding 1

Hopsu, V. K., Mäkinen, E., Härkönen, M., and Kivikoski, A.: Changes Induced with Reserpine and Serum Gonadotrophin in the Seminal Vesicles and Testes of the Rat 302

Jahkola, M., and Vainio, T.: Occurrence of Polyoma Virus Hi-antibodies in the Rodent Colonies of the State Serum Institute, Helsinki 97

Jänkälä, E. O., and Virtama, P.: Action of Serotonin and Reserpine on the Veins of the Rat Liver 110

Jännes, J., Leppänen, V., and Saris, N.-E.: The Metabolism of 5-Hydroxy-tryptamine in *Escherichia Coli* 198

Kaivola, S., Kiistala, U., and Axelson, E.: Studies in a Serological Pregnancy Test Part II 419

Karvinen, E., Miettinen, M., and Karvonen, M. J.: Fat-mobilising Activity of Human Fasting Urine 263

Kiistala, U., Kaivola, S., and Axelson, E.: Studies in a Serological Pregnancy Test Part I 414

Kivikoski, A., Grönroos, M., and Kyöstilä, J.: Reserpine and Postpartum Milk Secretion 8

Kivikoski, A., Laine, M., and Näätänen, E.: Postnatal Development of the Young of Rats Treated with Hydrocortisone During Pregnancy 297

Konttinen, A., and Roine, P.: Composition of the Diet in the Finnish Army 20

Konttinen, A., Sarajas, H. S. S., Frick, M. H., and Rajasalmi, M.: Arteriovenous Relationship of Non-esterified Fatty Acids, Acids, Triglycerides, Cholesterol and Phospholipids in Exercise 250

Koski, K., Laaksonen, A-L., and Luostarinen, E.: Heterologous Human Foetal Bone Transplants 318

Kääriäinen, L., and Halonen, P.: Effect of Hydrocortisone on Multiplication of Louping Ill and Reovirus in Cell Cultures 167

Lahtinen, K., Näätänen, E., and Kajanen, M.: A Study of Pregnancy of Rats after Unilateral Nephrectomy 13

Page

LANG, H., and VALLEALA, P.: The Anti-epileptic Action of Subcutaneous Xylocaine 59

LOUHIJA, A., and MIETTINEN, T. A.: Sialic Acid and Electrophoretic Distribution of Glycoproteins in Rat Serum Following Casein Injections 409

MIETTINEN, T. A., and LESKINEN, E.: Effect of EDTA on Glucuronidation of *p*-Nitrophenol in Rat Liver, Kidney and Intestine 427

MÄKELÄ, T. E., HAKKILA, J., and SIURALA, M.: The Effect of Triolein and Oleic Acid Upon the Absorption of *Labeled* Triolein-I^{131} and Oleic Acid-I^{131} in Rat 231

MÄKINEN, E., NÄÄTÄNEN, E., and SIMILÄ, S.: The Role of Androgens in Inducing Experimental Electrolyte-Steroid-Cardiopathy 401

PALKAMA, A.: Effect of Alloxan Diabetes on the Adrenal Medulla of the Rat 28

PALKAMA, A., VIRTAMA, P., and TELKKÄ, A.: Estimation of Stature from Radiographs of Long Bones in Children Part II 219

PIHKANEN, T., and KAUKO, O.: The Effects of Alcohol on the Perception of Musical Stimuli 275

PIKKARAINEN, J., HARRI, J., and SUOMELA, M.: Determination of Ultrafiltrable Calcium in Normal Human Serum 286

POHJANPELTO, P.: Stabilizing Effect of Cystine on Antigenicity of Poliovirus 103

RAPOLA, J.: Adrenocortical Function During Anuran Metamorphosis .. 439

RAUNIO, V., and KAARSALO, E.: Electrophoretic Mobilities of E. Coli Antibodies 193

RENKONEN, K. O.: The Sex of Live Births Born to Aged Women 474

RENKONEN, K. O., and SEPPÄLÄ, M.: The Sex of the Immunizing Rh-positive Child 108

RENKONEN, K. O., and LEHTOVAARA, R.: Futher Discussion on the Incompatibility between the Mother and Her Male Offspring 352

RUNEBERG, L.: Stimulating Effect of Desaspidin on Respiration and Glycolysis 213

RUPONEN, S., and NÄÄTÄNEN, E.: Effect of ACTH on Spermiogenesis in the Rat 393

RÄSÄNEN, T.: Mucosal Mast Cells and Tissue Eosinophils in Rat Stomach Wall after Aldosterone and after Simultaneous Deoxycorticosterone and Prednisolone Application 162

SALMINEN, A.: A Method for Production of Arthropod-borne Viral Hemagglutinins in Tissue Culture 174

SIMILÄ, S., RAIJOLA, E., and RAIJOLA, A.: Effect of Reserpine and Meprobamate on the Functional Status of Rat Seminal Vesicles .. 313

SOIVA, K., MARKKANEN, T., CASTRÉN, O., TOIVANEN, P., and TOIVANEN, A.: Pyruvicemia in Pregnancy and in Toxaemia of Late Pregnancy 459

SZÓRÁDY, I., VICSAY, M., ÓBAL, F., PUSZTAI, R., and TÓTH, J.: Examinations Concerning the Effect of Pantothenic Acid on Isolated Intestine 326

Page

TALA, P., LAUSTELA, E. V., PIIRONEN, P. E., and KARVONEN, M. J.: Temperature Changes during the Experimental Ice Arrest of the Heart of the Dog 268

TALANTI, S., KIVALO, E., and RINNE, U. K.: The Staining Properties of the Secretory Material in the Subcommissural Organ 241

TELKKÄ, A., PALKAMA, A., and VIRTAMA, P.: Estimation of Stature from Radiographs of Long Bones in Children, Part I 91

TIILIKAINEN, A.: Serological Tests for Rheumatoid Arthritis in Mononucleosis Infectiosa 465

VAHERI, A., and PENTTINEN, K.: Effect of Polyphloroglucinol-phosphate, an Acid Polymer, on Herpes Simplex Virus 334

VALLE, M., and PENTTINEN, K.: Routine Culture of Human Amnion Cells 342

VANHA-PERTTULA, T. P. J.: Effect of Vitamin C on Circulating Eosinophilic Cells 67

VIKBERG, V.: Pathogenicity of Acid-fast Bacilli from Human Sources for the Guinea Pig and Mouse 185

VILJANTO, J., and KIVIKOSKI, A.: The Local Effect of Neutral Salt-soluble Collagen on the Formation of Granulation Tissue 118

VIRTAMA, P., KIVALO, E., and HOPSU, V. K.: Angiographic Demonstration of Cerebral Vasoconstriction in the Rat 223

VIRTAMA, P. KIVILUOTO, R., PALKAMA, A., and TELKKÄ, A.: Estimation of Stature from Radiographs of Long Bones in Children, Part III.. 283

Suppl. 1

BERGSTRÖM, R. M., BLÅFIELD, R. F., BRENNER, M. W.: Selective Destruction by Heavy Nuclear Irradiation of the Cell Membrane in Internodal Cells of *Nitellopsis Obtusa*.

Suppl. 2

PENTTINEN, K., PÄTIÄLÄ, R., OKER-BLOM, N., MUSTAKALLIO, E., GRÖNROOS, J. A., HELLEVUO, T., SANDELIN, K., and BREMER, D.: A Comparison by the Sampling Method of Polio Antibodies in Polio-free and Polio-stricken Areas.

Suppl. 3

PALKAMA, A.: Distribution of Adrenaline, Noradrenaline, Acid Phosphatase, Cholinesterases and Non-Specific Esterases in the Adrenal Medulla of some Mammals.

Suppl. 4

ASP, K.: Pathological and Bacteriological Studies on Resected Tuberculous Lungs, with Special Reference to the Effects of Tuberkulostatic Therapy.

Suppl. 5

OJA, S. S., PIHA, R. S., and UUSITALO, A. J.: The Effect of Chlorpromazine on Free Amino Acids in the Rat Brain.

Suppl. 6

GRÄSBECK, RALPH, SIMONS, KAI, and SINKKONEN, IRMA: Purification of Intrinsic Factor and Vitamin B_{12} Binders from Human Gastric Juice.
